WA Peer Supporters' Network

Growing Peer Support in
Services and Communities

Peer Support uses the power of empathy and understanding from a shared experience to connect, grow resilience and enhance wellbeing. It lies at the heart of welcoming communities.

WA Peer Supporters' Network

We are a network led by Peer Supporters to advance Peer Support and the Peer Support Workforce in Western Australia.

Since 2014 we have been a state-wide network for Peer Supporters to:

- Connect with and support each other.
- Grow our knowledge and skills for Peer Support.
- Promote the value and uptake of Peer Support and Peer Support Workers.

Assisting Services

Services are growing their Peer Support Workforce for the benefit they bring to people's lives.

The Network is a hub of expertise and support in Peer Support Workforce development, offering:

- Seminars, events and training
- External Supervision
- Confidential advice to peer support workers and managers
- Tools and Resources
- News and Workforce Opportunities

Assisting Communities

Peer Support is offered across a range of walks of life, experiences and identities. It often happens informally between people in our communities.

The Peer Support Network is a key resource for people offering peer support in everyday life and in volunteer roles:

- Education and mutual support
- Events to celebrate our roles
- Further study and work pathways
- Community Awareness Raising
