# WAPSN

WA Peer Supporters' Network

*Connecting a vibrant and valued network of Peers*

WA Peer Support Network promotes the growth of Peers, serving as a hub for learning, news, collaboration and support in Western Australia.

**As a WAPSN Member, you will be able to access:**

- seminars and events
- co-reflection groups
- confidential advice for Peer Support Workers and managers
- tools and resources
- news and sector updates
- education and workforce opportunities

**WAPSN and Co-Reflection:**

As a Peer Worker, reflective practice is key to the growth and development of skills, however 1 on 1 supervision is not always accessible to everyone.

For this reason, WAPSN offers co-reflection sessions at the end of every bi-monthly Members Meeting, in addition to meeting once per month outside of work hours.

This provides a space for Peers to come together and co-reflect on any successes or challenges they may be facing. These co-reflection groups are held both in person and online depending on the circumstances and numbers.
